Trinkets Believed Dropped by Mob Found

MER ROUGE, La., Dec. 22.-T. J. "Meff." Burnett a farmer and carbon factory worker, employed at Spykes sear here, was arrested by deputy sheriffs tonight on a charge of marder in connection with the deaths of Watt Daniels and Thomas Richards bose decomposed bodies were found in Lake La Fourche yesterday. Other arrests are expected to follow in

wholesule numbers. Burnett submitted to arrest peace fully and was taken to the Bastrop init, where he is held incommunicade. the jail being guarded by nationaguardsmen with machine guns.

Much Evidence . . Everything in Bastrop was quiet

tonight; no demonstrations being atjuil. Righ rension exists however-A large amount of evidence, it was said, is in presession of federal and state authorities. Included in this are numerous trinkets of jewelry, said to have been found by investigators, and believed to have been cropped by. members of the marked meb that this haped Daniels and Richards together

with three companions August 24. Klan Offers Aid Captain Shipworth said if he the head of the Ku Kinx Kinz in More house parties out Attorney General Coco on the street in Bustrep tonight and the two were in conversation for rome time. Following the consultation. Coco said Captain-Shipworth

leadly denied the Ku Klux Klan bad anything whatever to do with the kid-naping or the deaths of Daniels and Richards. Richards, it was leagued today, was

member of the Masonic fenteralty and both men were of Protestant Funeral services of the victime will

be held tomorrow. It was planned to-night that the two would be buried in the same grave, but Mrs. Richards said she would have to consult remtives before consenting to this plan. Bones Found Broken

Following despatch of deputy sheriffs to Surker. La., to arrest the first man openly implicated by officials in the abduction of five men last Augmurdered and their bodies sunk to the bottom of Lake La Fourche, Attorney General Coco had this appoundement to make:
"We will make other arrests as the

investigation proceeds."

Pathologists sent here from New Orleans "have found evidence that the victims were flogged," said an official late today. "There appears. too, that some bones were broken before they died," the official added. So intense has the excitement become since the discovery of the two decomposed bodies, following a mystrious explosion of dynamite in the vicinity of where they were manacled to anchors on the bottom of the lake. that practically every man distrusted his neighbor, and even family ties bave been rent.

Subpocuus Being Issued Wholesale arrests are expected to follow the public hearings which probably will start early in January. Subpoenas are being issued in preparation for the round-up of witnesses, it was reported today. According to these re-ports the militiamen are being kept here to aid in the round-up of wilnesses rather than in any feared upris-

TITANS OF THE BAIL THEN AND NOW

In the mirrors of mankind are to be found the Titans of the rail, the empire builders who networked a continent, who opened the wilderness to civilization, who passed on after collossal achievement and brillian; operation, leaving in the hands of groups of Wall street finanand earried to success.

Scott of Pennsylvania made possible the build- had with ships. ing of the Texas & Pacific Railway which traverses the mighty empire of the southwest from the city of New Orleans, a line from St. Louis ironed three or four states.

General Granville M. Dodge was another pioneer titan who planned and constructed rail- evidence than the group control system of fi-1-flence is trait anden. ways which subdued the wilderness and open- nancial kings of the east. ed homes for millions of hardy pioneers who became substantial cuizens as well as producers of wealth. Colls P. Huntington was another of the Titans of the rail and with the Crockers and their allies of San Francisco be made possible the Southern Pacific system and all its allied connections which were largely used as feeders.

And then there was another whose name is which deals with the miglity achievements of read the hand writing on the wall. the builders who made America great. James J. Hill stood almost alone in his class. He was the conqueror of the wilderness of the norththe needs of mankind.

millions of wealth producers were operators of Lewcomers. railways as well as builders. One by one they paid the debt they swed nature. One by one these groups of railways passed under the con- non-stop fight.

trol of great groups of mighty financiers whose bome was Wall Errect and whose field of exploitation was the world.

They were not operators of railways. They months, \$4.56; Three months, \$2.56; OUT hired their operators but the Wall Street Titans of finance had neither the grasp nor the vision of their predecessors who had been Editorial department, 48: Chemistica, 41; builders and then operators, What happened to the railways under financial operation is ancient history. "The public bedamned" best described the tale.

When the world war came there were many systems in the hands of the receivers. There, had waged for years between the people on one; Many years ago a little girl wrote to the New side and the groups of financiers who con-York Sun: "Is there a Santa Caus!" Francis trolled the railways on the other side. There Pharcellus Church answered her letter in an are no birds in last year's nest. People who editorial which is a Christmas gem and which, read and people who think know the story. During war times the government operated the !railways. Since the day that the government! turned the railways over to their groups of coperators there has been continuous rowing between the labor groups of employes and those who present the financial groups of operators. Transportation is one of the mighty problems of the age. Progressive people cannot survive without the patronage and the 'riendship of the people. First, the builders of the trunk lines or the continental systems were the operators. With the passing of the pioneers who are empire as well as railroad builders tthe control of these vast properties became vested in the groups of Wall Street financiers as has been outlined in this editorial news

Now the signs of the times indicate that individua. ownership and operation may come to pass in the future. This paper carried a story from New York the other day which announced that the Van Sweringen company of Cleveland, Ohio, who operate the New York, Chicago and St. Louis Railway. the Toledo, St. Louis and Western Railway and the Lake Erie and Western Railway, hold an option which if taken up will result in their Cristmas is more than a date on the calendar! also controlling the Chesapenke and Ohio Rail-
